Statewide Transportation Improvement Program
Minor Revision Approval – Rural Areas

A report of minor revisions to the STIP for the month of April was distributed to the regional planning commissions and to our Interagency Consultation partners. Interagency Consultation partners and the regional planning commissions discussed the changes via email and at a meeting on March 11, 2010.

Pursuant to the STIP Revision Procedures adopted by NHDOT and approved by FHWA and FTA, the Department, through the office of the Director of Project Development, has the authority to approve Minor Revisions to the STIP for the rural areas of the State subsequent to discussion through the interagency consultation process.

Having followed the process outlined in the STIP Revision Procedures, the NH Department of Transportation hereby **APPROVES** the minor revision to projects in the rural areas as outlined in the attached report; April 2010 Minor Revisions (04A1 & 04A2).
